Water Conservation Ordinance Title VIII, Chapter 6, Sections 3 and 5 Summary of Restricted Water Uses

The following uses of potable water prohibited under Section 3:

- Use that results in flooding or runoff in gutters, waterways, patios, sidewalks, driveways, or streets
- Use without a shutoff nozzle on the outlet end of a hose
- Service of water by any restaurant except upon the request of a customer
- Using broken or defective plumbing, sprinkler, watering or irrigation systems
- New, added or altered commercial car wash equipment unless a recycled water system is incorporated
- New, added or altered cooling system equipment unless at least fifty percent (50%) of the water is recycled. A waiver to allow less than fifty percent (50%) recycling may be granted by the Chief Building Official due to water quality concerns only. Cost is not an acceptable reason to request or receive a waiver.

The following uses of potable water prohibited under Section 5:

- Cleaning of any hard surfaces, such as sidewalks, streets, buildings, and parking lots
- Construction purposes including dust control and compaction
- Construction of new swimming pools or ponds or initial filling of any swimming pool or pond not currently permitted
- Cleaning, filling, or operating water features, such as decorative fountains
- Irrigation of golf courses, except greens and tees area
- Watering or irrigation of any plants, lawn, grass, landscaping or turf areas between the hours of 8 a.m. and 8 p.m., adjusted for Daylight Savings Time, and for more than two (2) days during any seven (7) day period
- Installation of new landscape unless served by recycled water

Exceptions to Section 5 may be granted at the discretion of the City Council.
